

# Coffee Talk: Introduction to Community Violence Intervention (CVI), Mobilizing Peace in The Hood

**December 10, 2021**  
9:30am - 11:30am

Since 1992, **BUILD** has provided holistic, integrated human service to those most affected by violence. Its proven methodology assesses and addresses community violence through a cost-effective, culturally competent, practitioner-based approach that includes hands-on engagement and comprehensive public safety training. BUILD and the **Coalition for Engaged Education (CEE)** are collaborating to develop holistic approaches to work with youth through CEE's innovative strategy of mobile case management.

Join us for a rich conversation with new perspectives and ideas on how to support youth and communities.

## *In this online session, you'll learn:*

- What CVI is and how the BUILD Program/**Professional Community Training Institute (P.C.T.I.)** and CEE are using it in their collaboration
- What role could CVI play in transforming the impact of the existing work of R2R grantees
- Basic tenets of CVI, Do's and Don'ts and possible applications when engaging youth impacted by community violence
- The difference between intervention, prevention, and outreach
